Biennial Index

Spring 1982 - Autumn 1983

By George M. Jenks

This index covers numbers 146, 147, 148, and 149 of *Railroad History*. The last index was a ten-year cumulation appearing in the Autumn 1981 issue.

Every article is listed under the name of the author, the title, and usually one or more subject headings. Locomotive rosters are listed under that heading and also under the name of the railroad with the subheading *Locomotives*. Book reviews are listed only by title under that heading. Book titles are italicized. The number of the issue is in boldface type, and the inclusive page numbers follow.
